

## Delegate's Guide to the NLP Conference Exhibitors

**To Get the Best out of Our Conference Exhibitors...  
Please, read the following information carefully.**

1. **Sign in to the Whova app...**
2. On the left-hand menu of the web browser-based app click on "Exhibitors". On a mobile device, login to the Whova mobile app and scroll down to Additional Resources and click on "Presenters".
3. Scroll through the exhibitors (they are listed alphabetically)
4. Click on "Visit Booth" (on the web app or simply click on the Exhibitor on the mobile app) to see more information about the Exhibitor and what they are offering (discounts, offers, competitions and more may be offered by the Exhibitor!)
5. Each Exhibitor has a 30-minute slot during the extended NLP Conference breaks which you can find on the Conference Agenda for the Virtual Weekend.
  - a. They may have a live session for you to join them to ask them questions or they may have provided a video explaining their services and offerings.
  - b. You will be able to leave them messages on their virtual stand or ask them questions directly if they are "live".
  - c. Once the Conference has closed, you can view their recorded sessions and you can still view their Exhibitor booth (see 4 above) and leave them a message on the Exhibitor booth page or send them a message directly.
6. We hope you enjoy browsing through the Exhibitor booths!
